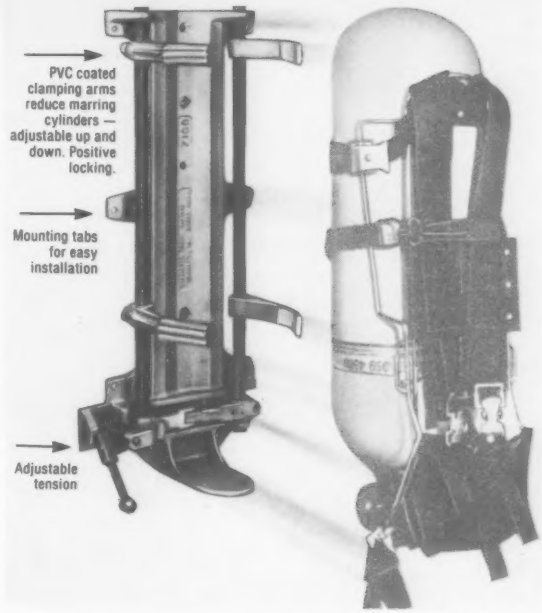
TURTLE PLASTICS

For more facts circle 455



Minimize SCBA damage, and meet NFPA 1901-1904 requirements for cylinder restraint systems for use in crew areas

The Zico®QUIC-HOLD®Mechanical WALKAWAY® bracket features PVC-coated clamps that securely hold SCBA in place to prevent gouging, scratches, or other damage to cylinder walls. It accommodates all cylinder brands, and the clamps are interchangeable to fit all sizes.

The strong, yet lightweight unit also helps firefighters don SCBA more quickly and easily. The user simply slips unassisted into the harness, and pulls the cam-operated lever to release SCBA from the WALK-AWAY bracket.

Pre-drilled holes make installation simple on any flat, stable surface in fire and rescue vehicle compartments or on plant and firehouse walls. Used in combination with the Zico Upright Bracket Support Model UBS, the unit can be put to work in previously wasted horizontal space on apparatus.

MODELS
MWAB-5...for use with 5.25" and 5.6" Dia. cylinders
MWAB-6...for use with 6.75" Dia. cylinders
MWAB-7...for use with 7.25" Dia. cylinders

For further information contact your local dealer or call:

ZICO® *Ziamatic Corp.*

10 West College Ave., P.O. Box 337, Yardley, PA 19067-0587

FIRL®

DUMP & PUMP®

PORTABLE FOLDING WATER TANKS

A Leader in the manufacture and development of Portable Water Tanks and other Fire Fighting equipment for over 35 years. You can't buy better!

COMPARE:
- 5 tough materials. SAFETY YELLOW or RED
  FIRLITE, 22, 18, or 30 oz. vinyl coated nylon. Features heat sealed seams.
  HYPALON, 22 OZ. OR 17 OZ. Super Strong. Extra long life. All seams are double sewn and sealed.
- All corners are reinforced with 4 thicknesses of material.
- Welded steel frame is extra strong and heavy duty steel cable secures tank.
- 13 standard sizes from 1100 gallons to over 4000. Plus special sizes.
- Exclusive 10" Drain Tunnel empties tank in seconds.
- Quick 2 man set up. Folds compactly.
